Stapling Sheets Together

The following is from EG T 121, but is applicable to all your MET classes, including MET 107.

Multiple sheet submissions must be properly stapled together as shown in the figure below:

When stapling, make sure the sheets are in sequential order and the edges are neatly lined up. If you do not staple your sheets together, the instructor will be happy to do it for you at a cost of 1/2 point.

Or do it incorrectly
